

Activity: Descriptive Statistics and Distribution

Ten students earned the following scores on a 15-item test:

7
8
8
8
8
9
9
9
10
15

1. Make a frequency table and draw a visual of the distribution.
2. What is the mean, median and mode of these scores?
3. What is the frequency of the score 8?
4. Is there skewness around the mean, and if so, how is it skewed?
